

Hello 2020.

With the heat subsiding and the fires (largely) out, we can now take a collective breath as we move into autumn.

Thank you to everyone who supported our Buy a Bale fire sale. Like the rest of the nation, we are devastated by the impact of the warming planet and want to do our bit to help.

The Year of the Rat brought with it some fabulous new projects and members to our growing Move-in family. We look forward to sharing a few of our recent and upcoming projects with our clients, collaborators and fans.

So step inside and take a look at what we are up to...

Greatest Hits

Like the very best albums, it's always hard to pick a favourite tune – but we have compiled a few of ours into a fresh press.

Thank you to our gun team of amazing humans who have made magic happen and delivered an impressive array of projects.

Drop the needle and take a look at our [Greatest Hits](#).

Student Accommodation

With student accommodation pumping, the projects just keep getting bigger and better.

We love working in this space and in 2019 delivered...

2672 beds for students to rest their weary heads, put together **60 outdoor areas** for students to get their vitamin D, and filled at least **1 giant gumball machine** to keep the sugar pumping through their veins.

The Albert Mosman

Look out Mosman, here comes **The Albert boutique hotel**.

It was a blast to work with **Tess Regan Design** and **Jean-Claude** of Emerald City Hotels on this unique and sumptuous restoration of an old manor and its stylish new wing.
